

STERLING

COMMUNITY THEATRE

The Little Mermaid tells the story of Ariel, a curious and adventurous mermaid princess, who dreams of exploring the human world, despite her father, King Triton's, strict warnings to avoid contact with humans. When she falls in love with the charming Prince Eric, she makes a dangerous deal with the sea witch Ursula—trading her voice for a chance to become human. With only three days to earn a kiss of true love, Ariel embarks on a thrilling journey filled with friendship, courage, and self-discovery. Our six performances in September attract audiences of up to 1,200 individuals from communities throughout Central Massachusetts. Your program advertisement will not only reach potential clients, but also ensure our continued efforts to provide a creative outlet and entertainment venue for the Wachusett Region.
